- █ Wake AHEC (Main Office: Wake)

Program Basics

- Two-year educational program with statewide and regional components
- Includes 40 hours of didactics and 40 hours of experiential/clinical training annually
- Introduces a framework crucial to developing and maintaining a health care workforce dedicated to delivering high-quality care in a transforming health care system with an emphasis on rural and underserved areas and communities

Program Benefits

- Receive an annual stipend
- Earn an NC AHEC Scholars certificate and a digital badge of distinction through the National AHEC Organization (NAO) — setting you apart in the competitive health care field
- Opportunity to create an invaluable network of health care professionals, leaders, and peers
- Provides pathways to various avenues of continued training — including certification, graduate studies, or immediate entry into the workforce

Your certification as an AHEC Scholar will announce to the world that you have the knowledge, skills, and attitude necessary to make a difference in health care.
